RESULTS OF A FAST CAREER. A Young Bridgeport Man Nearly Stabbed to Death.

Some time since Charles Schlee opened a butcher market in Bridgeport. Schlee was a bright young man and his He soon worked up an extensive trade and all his customers were pleased with his manner of doing business. Money commenced to roll in rapidly, so fast in fact that a wall street stock broker would have been startled. So much prosperity was more than Schlee could stand, and he began an unenviable career which quickly culminated and nearly cost him his life. He sought the company of women, it is said, and was not long in selecting one who was willing to spend his money. Schlee's conduct was brought to the attention of the public Monday morning. At an early hour an attempt was made to stab him to death. The name of his assailant will probably never be known. assailant will probably never be known, as he refuses to divulge much about the matter. One story has it that he was standing on the corner of Water and Union streets with several companions shortly after 2 o'clock. On the opposite side of the street were a trio quarreling. Schlee was slightly intoxicated and invited them to come across the street. They did so and an altercation ensued. In the melee that followed, one of the men pulled out a murderous looking knife and made a number of savage lunges at Schlee. The latter wore a overcoat and this unde saved his life. The assailant finally made a stab at Schlee's throat, cutting a slight gash under the left cheek. His coat was cut in strips.

COMMUNICATIONS

Editor of the DEMOCRAT :

Sir:-The writer of these lines was among the many interested listeners who some three weeks ago filled the rooms of the Young Men's Catholic Literary association on the occasion of Rev Father Mulcahy's lecture on "The Passion Play" at Ober Ammergau. It was a matter of general regret at the time that the rooms were not large enough to admit a much larger audi-ence, for the lecture was admirable in all respects. The subject was certainly one of unusual interest, relating as it does to the most memorable and impor-tant event in all christian history. Then too, the masterly and very interesting manner in which the subject was handled, both in a literary and scenic sense, made it cause for regret that the general public was not able to enjoy so great a treat as this lecture proved to be. The writer has been in hopes that some of the societies attached to the church of the Immaculate Conception would see the propriety of inviting Rev
Father Mulcahy to deliver this lecture
in some large hall, preferably the City
hall, at some early date, the proceeds to
be devoted to such purpose as the
reverend gentleman might select.

AMUSEMENTS.

"The Charity Ball." "The Charity Ball."

"The Charity Ball" was given its initial performance here last night, in the opera house, before a highly appreciative audience. The play is in four acts with strong situations, bright comedy, tender pathos, and a growing interest in the story from the start until the third act, in which the authors, Messrs Belasco and DeMille, show their full strength. There is in the midnight scene in the rectory an intense pathos which moved many to tears. It was plain that the action, sentiment and situations which moved many to tears. It was plain that the action, sentiment and situations were wrought out by the same skillful hands that gave us "The Wife" which has won prominence among the best plays of modern literature. The company included many artists well known here, and was the strongest of any seen here this season. Boyd Putnam, Henry Herman, T. H. Burns, A. W. Gregory, Misses Ruth Carpenter, Francis Guant, Ethel Greybrooke and Eliza Logan all did much toward making the play the did much toward making the play the unqualified success it was. Walter Thomas, a New Britain boy, and Miss Bessie Tyree, assumed the juvenile roles in a charming manner.
